Hi Ed,

I work with Frances Anderton on KCRW's Design and Architecture. We're planning a segment to air tomorrow about the dismantling last week of Sheila Klein's art installation [Vermonica](#), which has been removed and relocated to the lawn of the Bureau of Street Lighting field office, a couple of blocks away.

Can you explain why it was moved? We could chat by phone in the next hour or tomorrow before 2 pm.

Thanks,  
Avishay
